START TODAY

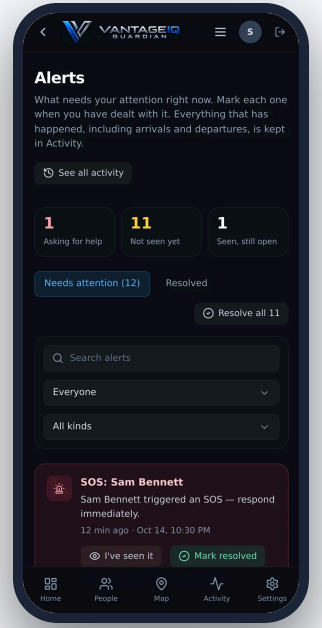

Try it free for 14 days

No card needed. Then $14.99 a month covers the whole family.

1. **Start free**
   Sign up at vantageiqguardian.com. Guardian works today in any web browser.

2. **Add your family**
   Invite parents, teens and the people you trust, each with their own login.

3. **Get the app on November 1**
   Download Guardian for iPhone or Android. Everything you set up is already there.

In an emergency, always call 911 first. Guardian alerts your family; it does not contact emergency services.
Pictures show a made-up family.

VantageIQ Technologies LLC · 16192 Coastal Hwy, Lewes, DE 19958
A service-disabled veteran-owned company.
VantageIQ Guardian is a product of VantageIQ Technologies LLC.

Your family's safety, in one private app.

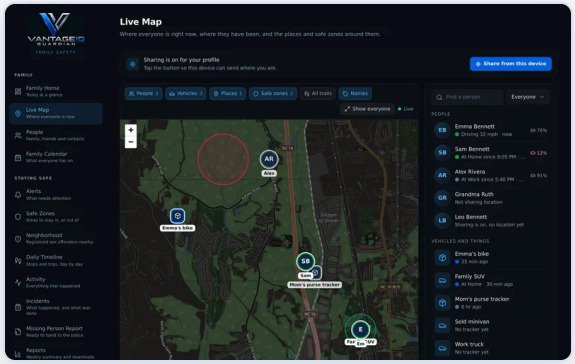

Where everyone is, alerts that reach you, a profile and emergency information for each person, your documents and belongings, and safety training for the whole family.

LAUNCHING NOVEMBER 1, 2026
On the App Store and Google Play

WHERE EVERYONE IS

A live map of your family

- Each person, vehicle, saved place and safe zone on one map, with when they were last seen and their phone's battery.
- The Daily Timeline turns each day into stops and trips.
- Safe Zones: an alert when someone leaves school or home, or enters a place marked off-limits.
- Location history is kept for 90 days, then deleted.

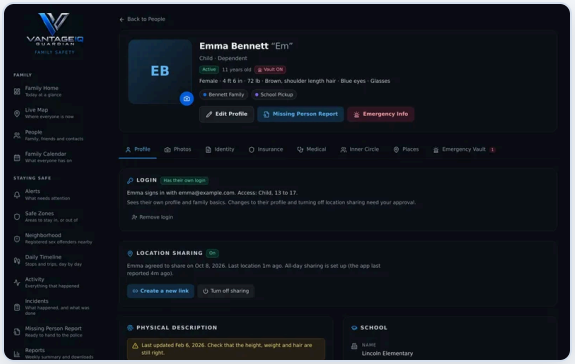

ALERTS AND SOS

Told first when it matters

- SOS: one press tells every parent and guardian.
- A missed check-in, a phone gone quiet, a low battery, or a teen driving over the speed you set.
- Out of the ordinary: a warning when someone is somewhere new and far from home, or stopped late at night.

PEOPLE

A profile for everyone

- Photo, description, school or work, medical details and emergency contacts.
- Emergency information on a private link a paramedic can open without a login. The family is told each time it's opened.
- Teens get their own login; their changes wait for a parent to approve.

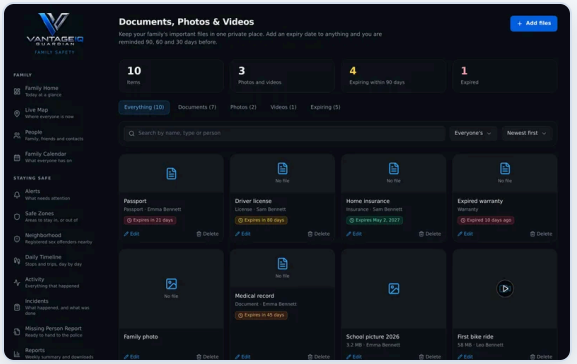

IF SOMEONE OR SOMETHING GOES MISSING

Ready before the police ask

- Missing Person Report: one PDF with photo, description, contacts, places and routine.
- Theft mode and a one-page police report for a stolen vehicle or valuable.

HOME AND RECORDS

What you own, and the proof

- Passports, licenses and insurance cards stored privately, with reminders 90, 60 and 30 days before they expire.
- Vehicles and valuables with plates, VINs, serial numbers and photos.
- The Account Record shows who opened, added or changed anything.

LEARNING TOGETHER

Safety Training and Guardian Games

- 71 short lessons in 20 courses, for kids, teens and adults.
- A friendly monthly competition with points, streaks, badges and a prize a parent sets.
